Subject: CA Class II

Hi Ron, I got your message yesterday asking about messaging re: the CA situation. We have a communication strategy that I can send you later today or tomorrow at the latest. It's an internal EPA document, but has Qs and As along with key messages that I think would be helpful. Also, Michele Dermer from my office will be at GWPC and she is up go speed on the matter, so you will have a handy resource to confer with as needed.

I'm also happy to chat (tomorrow better) if that would be useful. David

Sent from my BlackBerry 10 smartphone on the Verizon Wireless 4G LTE network.
